# Shriners Childrens

Innovation happens when passionate minds come together! Clinicians, data scientists, engineers and researchers from Shriners Children's, Georgia Tech and other universities gathered at the Shriners Children's Research Institute in Atlanta for our State of Research: Focus on AI and Orthopedics conference, where they shared information and ideas and explored new ways to collaborate.

# Shriners Children - Boston

Shriners Children's Boston is celebrating another beautiful art installation by H.E. Jamaal Rolle, also known as "The Celebrity Artist." The newest mural celebrates the special bond between Shriners Children's Boston and the Boston Firefighters Burn Foundation. A gold medal surrounds the Boston Fire Department bell, which was donated to the hospital for patients to mark a major milestone in their treatment. Thank you, Jamaal, for transforming a special place where our patients celebrate and can say with pride, "I did it."

## Shriners' Biggest Event Comes to Tampa

*An Insider's Preview*

**TAMPA TAKES  
CENTER STAGE  
AS IMPERIAL  
SESSION DROPS  
ANCHOR**

**THE 152ND IMPERIAL SESSION** of Shriners International is headed to Tampa, and nobody is more excited than local James Lich, Egypt Shriners Past Potentate and one of the key organizers for this year's event.

For James, who's been part of the fraternity for decades and has attended more than a dozen Imperial Sessions across North America, this year is special — not just because it's happening in his own city, but because of what Imperial Session means for Shriners everywhere.

"It's kind of like the Super Bowl, honestly. For Shriners, this is the one time a year we really get to celebrate both the fraternity and the philanthropy. It's our chance to bring everyone together, remember what matters, and just have a great time," James said.

***"It's kind of like the Super Bowl, honestly."***

José Gaspar — at the Tampa Convention Center, with the Marriott Water Street, Embassy Suites Downtown and Hilton Downtown Tampa as official hotels. James is quick to point out the perks of the location: "You're steps from the Riverwalk, the Florida Aquarium and Ybor City. The city's changed a lot in the last decade — the waterfront is booming, there's world-class dining, and neighborhoods are connected by new, modern transportation."

James, a longtime Tampa Bay resident, says the support from his temple is huge. "We're even organizing transportation between downtown and the Shrine Center, and hosting both formal and informal events."

Looking back on past Sessions, James says each city brings something unique — Daytona, Toronto, Charlotte, San Antonio — but he's learned a few universal lessons.

In 2026, Session will be held in a city known for its colorful history — including legends that it was founded by the pirate

"You always figure out what works and what doesn't. In Atlanta, we saw the importance of great hospitality and smooth logistics. In Tampa, we have an experienced events team, and the city itself is set up to make people feel welcome."

James' role this year is all about communication and creating a memorable experience: He'll be working closely on social media, the event website and the program book, making sure everyone is in the loop and that Imperial Session has that extra spark. "It's an honor to help put this hallmark event together. I want people to see not just Tampa's fun side, but also that the Shriners have been woven into this city's fabric for over a hundred years."

For James, Imperial Session is about more than ceremonies or legislation. "It's a celebration. It's about the fraternity, the philanthropy and — most importantly — the kids we serve. We get to reconnect, honor our patient ambassadors and remind ourselves why we wear the fez."

With the city ready and the Shriners eager to gather, James sums it up: "We're working on all cylinders to make this the best party we can. I hope everyone sticks around after Imperial Session and really experiences what Tampa Bay has to offer. There's a lot more here than you think."

# Shriners Children's - New England

Meet Thomas B. Coppens, M.D., the new Shriners Children's New England Chairman of the Board of Governors.

Dr. Coppens became a Shriner soon after becoming a Mason in 2019. However, his first introduction to the fraternity and the Shriners Children's healthcare system came much earlier.

"Shriners Children's first touched my life when I brought my son to Shriners Children's New England for clubfoot treatment in 1993," he said.

First joining the fraternity to give back, Dr. Coppens is grateful for the relationships he has gained along the way. "I offered my services, hoping my background as a family physician would benefit the organization. The social opportunities and support found within the fraternity are tremendous, as we help children and each other."

# 2026 Divan Profile

Greeting to all,  
I wanted to take a moment to introduce myself to those who are not familiar.

Lady Angie and I have been married for 27 years this May. I have two children, Alana is my oldest and Nathan the youngest.

I have lived in Vermont 30 years (well this time around) the majority of the time was spent in the southern part of the state, first Ludlow and then after getting married in Chester. About 4 years ago we decided to make a change and moved to South Burlington where we live now. I enjoy the availability of fishing, kayaking and hiking with the puppy.

I am a retired member of the 9th Regiment in the Army, and a retired accountant at the Castle Inn and Resort.

I am a life member of the Masonic Lodge for St. John's #41 in Springfield as well as a member of Northstar Lodge #12 where I currently hold the chair of Junior Warden. I feel both have made me a better man, friend, brother, husband and father.

I previously served as Potentate in 2020 and am thankful to have been given a chance to do it again.

## Hospital Board News

Greetings from Shriners Children's Boston,

January started my second year in Boston but this year I am at the big table when it comes to the Board Meeting and I can vote. This day was top heavy with visitors, Imperial Potentate Brad, Imperial CR Larry and Doc Stewart were present for the day attending sub-committee meetings before the Board Meeting. Picked a great day to wear the Imperial Sir's Lady's tie (Thanks Ill Gary!).

I sit on 2 of the same sub-committees as last year, Audit and Compliance and Medical and was added to Research and Grants.

Still getting ready for Joint Commission to make their surprise visit. I learned about using AI for bringing better faster care for a Patient, this of course is one of the Grants under active Research at Shriners in Boston. It is mind-blowing that we are heading this way more and more each day. But as we all know time and money savings are key nowadays. It can also bring resolution and healing faster to Patients when you and the Doctors know what is going on.

Enjoyed the 49 degrees and sunny in Boston.

Jim, PP 2021

# Letter from a Past Potentate

Nobles,

The biggest problem facing the Shrine and the Masons is declining membership. We are not taking in new members, and our current members are not staying with us. I can understand our members thinking, i.e., "I don't attend meetings, I don't participate with a unit. Why should I pay dues when I'm not involved?" Of course, the secret is: GET INVOLVED.

Did you join this great organization because a friend encouraged you to, or did you join because you heard great things about the Shrine and wanted to be part of the brotherhood? We have to keep in mind the important mission of this body; the support of our Shriners Hospitals for Children (Or as they are now called, simply Shriners Children's.). If you have visited one of these great institutions, you can't help but to feel the pride in what we are able to do. Just read the comments from a parent whose child has been given a new walk in life because of the treatment they received at one of our great hospitals or the testimony of one of our Patient Ambassadors.

However, if our membership continues the current downward path, will we be able to support these "Temples of Mercy". Wherever I have traveled in this world, I have met brother Masons and Shriners. They never fail to greet you warmly and, if you have a problem, they are quick to offer help and hospitality. Just recently, a family from out of state had a child that required treatment at the Vermont Medical Center. They didn't know anyone in the area and were stretched to afford lodging. He was a Mason. He contacted the lodge in Burlington. A Brother Mason stepped up. Took the family into his home and provided help as long as they needed it. That is what we do. I don't know about you, but I'm proud to be a member of this great fraternity and what it stands for.
